

Destiny – Network Consultant

About the role...

As a Network Consultant at Dstny BE, you'll be working within the Delivery team and be responsible for configuring and setting up customer and backbone equipment, ensuring everything runs smoothly from start to finish.

Here are some of the things you'll be doing:

- Handling **configuration requests** from **project managers and UC project consultants**.
- Providing support to technicians on-site facing technical challenges.
- Preparing all necessary **technical pre-configurations for customer installations**.
- Assisting our field engineers during installations and **troubleshooting** any technical problems that arise.
- Thinking proactively about **optimizing and adjusting procedures and processes** within the delivery team.
- Providing **training and coaching** to team members within the delivery team.
- **Creating** and maintaining accurate **technical documentation** to ensure everyone is on the same page.

What we're looking for in you...

- Ideally, you hold an engineering degree or technical master's, with a minimum of a bachelor's degree in IT/ICT.
- At least 5 years of experience in IT/ICT is preferred.
- Fluent oral and written communication skills in French, and English, Dutch is a plus.
- knowledge of networking, including Layer3, Layer2, Security, Voice and VoIP, and network equipment configuration via CLI.
- Experience or knowledge of Meraki and SD-WAN is important.
- Voice and VoIP is een plus
- A positive attitude, flexibility, and the ability to manage stress.
- Great communication skills and a customer-focused, solution-oriented attitude.
- The ability to prioritize tasks and keep operations running smoothly.
- A passion for automation and basic programming skills in Python/PHP/Bash/... (or at least an interest in learning!).
- You'll be working in a small team with four colleagues within the delivery department and have a customer-facing role where customer experience is key.

What we love about you:

- An excellent sense of humor.

- A willingness to collaborate and support each other.
- A drive for continuous learning and adapting to changing circumstances.

What can Dstny offer you...

- A challenging job in a fast-growing company where you can also grow yourself (with plenty of room for training)
- A competitive salary, including an eco-friendly company car with fuel/charging card or an interesting flexible mobility budget.
- Electronic meal vouchers, health insurance.
- Seniority days: extra vacation days based on your seniority (1 day every 3 years, up to a maximum of 4 days)
- Flex Income Plan: tailor extra advantages using your budget of your 13th month
- Access to Benefits@Work: enjoy discounts at a wide range of popular brands and retailers
- Flexible working hours, with the possibility of remote work. Because in digitalization, we should set a good example, right?
- A pleasant working environment in a renewed Dstny house, customized to the wishes of our Destinians.
- A great team of colleagues and wonderful customers.
- A friendly atmosphere with regular fun team-building activities or company events.
- Always fresh soup, fruit, and delicious coffee.
